

DermaSerum

VITAL C

DESCRIPTION

Derived from natural fruits, Vital c highly rich anti-oxidant is a nourishing complex for brightening hyperpigmentation, evening skin tone, and protecting skin from sun damage, while leaving it youthfully radiant.

Vital C helps to correct cellular damage with clinically proven antioxidants that reverse free radical damage. Vitamin C is the most potent and stable form of bio-available Vitamin C. Both water and fat soluble vitamin C penetrates the skin tissue and deliver stable antioxidants in conjunction with Hyaluronic acid, Vitamin B3 and cell regenerating allantoin. Repair environmental damage with nature's most powerful antioxidants.

Vitamin C is one of the most important nutrients our bodies need to stay healthy. It is a natural antioxidant, working to fight the oxidizing effects of free radicals that results in the signs of aging.

APPLICATION

Nourishes skin
Brightens dark spots
Natural anti-oxidant
Even skin tone & texture

INGREDIENTS
